PRESIDENT'S MESSAGE

During this year the Association has continued to sponsor events of interest to its members and others. The Board has had extensive discussions on ways to increase our membership, particularly through getting the message out that not only do we exist, but that the Association also offers many benefits to retirees.

One action that should help is the cooperation of Eve Medlock, who has agreed to provide information about the Retirees at the Help Line. Henceforward people will be able to request information about us at (816) 235-2222.

David Tanquary, Vice President, is to be thanked and congratulated for having taken the lead in organizing the several events that are listed further on in this newsletter. We appreciate Bob King’s taking over of the job of photographing us at our luncheons. And it is with regret that we see that Jack Heysinger not only rotates off his long-standing and effective service on the system Benefits Committee, but also off the Board, where he not only kept us abreast of important things, but also contributed a wealth of new ideas.

I have enjoyed working with so many congenial colleagues and look forward to a year of growth under the presidency of David Tanquary.

Report of Members’ Activities

On September 23, 2003, Dr. Jack Stelmach and Dr. Rusty Ryan presented a program called “Partners in Health.” It was about communication between patients and health professionals who serve them.

In mid-October some members and their friends went to the horse races at the Woodlands.

Early in November retiree benefits were reviewed and discussed by Michael Paden, Associate Vice President for Benefits and David Tanquary, Vice President of the UMKC Retirees Association. Fifty members attended.

At our holiday luncheon December 6, 2003, Linda Eddy, wife of member Bill Eddy, presented a program of vocal music.

On January 31, 2004, a few more than thirty members of the Association attended a buffet supper at the home of member Bill Eddy and his wife, Linda, before attending a jazz concert on campus, one of several events of the annual UMKC Conservatory Jazz Festival.
